## New N. R. A. Postage Stamp Ready On or Before August 15th

**P**OSTMASTER GENERAL FARLEY announced today that one of President Roosevelt's last official acts before leaving Washington for his Hyde Park vacation was to approve a model for a special postage stamp to assist in arousing the support of the Nation in the National Recovery Act drive.

The new stamp, which is to be known as the N. R. A. Emergency Postage Stamp, will have as its central subject the figures of a farmer, a business man, an industrial worker and a female employee, typifying American industry as they walk hand in hand in a common determination. The stamp will be of regulation size (.75 by .87 inches) and at the top of the stamp appear the words: "U. S. Postage"; to the left of these words: "Three Cents" and in the lower left hand corner, an Arabic numeral three. In distinctive lettering to the left of the central group will appear the letters: "N. R. A." The color of the stamp will be the regular three-cent purple.

In order that the stamp may be ready for sale at the earliest possible date, Postmaster General Farley has requested Alvin W. Hall, Director of the Bureau of Engraving and Printing to expedite the engraving and printing of the stamp in every possible way. In preparing the design for the new stamp, the Bureau of Engraving and Printing broke all existing records so that it might be submitted to the President before he departed from Washington.

The Director of the Bureau of Engraving and Printing, has promised that by working overtime on the engraving and printing of the stamp, it will be ready for sale on or about August 15, possibly before. It is proposed to first offer these stamps for sale at the Post Office at Washington, immediately following which they will be placed on sale at Post Offices throughout the nation. Further de-

**WE DO OUR PART**

tailed information on the issuance of the new stamp for the benefit of stamp collectors will be issued through the Postal Bulletin and the press within the near future. An order has been placed with the Bureau of Engraving and Printing for an initial printing of four hundred million of the new N. R. A. Emergency Postage Stamps.

### Publisher's Statement

The above announcement comes like a bolt from a clear sky and anyone knows that there are thousands upon thousands of stamp collectors who will under ordinary conditions not get the news quickly enough to place orders in the usual manner for their wants in first day covers.

Under ordinary circumstances a publication such as ours would wait for the advertising of various stamp dealers to trickle in and be printed in our paper in order that our readers might order their stamps from the dealers whom they have been in the habit of patronizing on such occasions.

In the case of this issue such a situation is impossible for the announce-

ment comes so late that we will not receive any advertising from any dealer in time to get into this, our August 5th issue and if such advertising is printed in our issue of August 12, it will be too late to give anyone an opportunity to reply to the advertising and get their orders to the dealers who offer the stamps.

### Service For Our Readers

Therefore, after carefully considering the matter, realizing that thousands of our readers will be disappointed if some plan whereby they can obtain these first day covers, is not offered them, we have concluded that we are obligated to our readers to offer to handle their first day covers for this stamp.

There will be many who have contact with dealers who make it a regular business to supply such covers. Doubtless these dealers will send postal card announcements to such buyers but for the vast army of collectors who are not in touch with sources of supply, who do not know where to send for these new first day covers, we feel that we owe it to them to provide them the means of getting these covers mailed direct from Washington, D. C., the city of first day issue and addressed to yourself personally.

It will be noted that the announcement as made by the Postoffice Department does not state that the Washington Postmaster will handle covers. Whether a later announcement is to be made we do not know, but even if it is made it will fail to reach thousands of collectors and we consider this as further reason and cause why we should take the steps we are taking to render a service to our subscribers.

### Pictorial Covers Used

In order that the new N. R. A. Postage Stamps may be offered you in the proper manner we are prepar-

ing a quantity of special printed envelopes for this new stamp. These envelopes can be bought by collectors who have arrangements to get their covers from other sources. We will use these special envelopes for all covers which we address and supply. In addition to offering to address and supply these special printed envelopes collectors can supply their own envelopes addressed as they wish them and we will service them by placing the stamps on and mailing.

Where collectors supply their own envelopes, each envelope must be marked with pencil where the stamps are to be placed and the number of stamps that are to be placed on the envelopes so that we can have every opportunity to serve you in the manner that you want to be served.

### See The Front Page

A complete detail of the service we offer with charges for this service is offered on the front page of this paper. This is the last and only call that will be made.

We will either take these covers personally to Washington, D. C. and personally supervise their mailing or arrange for their handling by some reputable Washington Philatelist.

The date of issue is August 15. That is on Tuesday. This means that if we go to Washington we shall be obliged to leave here Sunday night in order that we may be there Monday and make necessary arrangements for clerical help in mailing the covers.

With this situation we can take every order that reaches us up to Saturday, August 12th. Any mail that comes later than this or as late as the first mail of Monday Morning, August 14th, will be sent in a special parcel to Washington with the hope that it will reach there in time to get through on the 15th. However we will not guarantee handling of mail that comes to our office later than August 12th.

In order to make everything as smooth as possible we suggest that

collectors who send us orders or covers for this stamp, mark the outside of their letter or parcel with the words and letters "N. R. A. Covers."

We believe this covers every point in the matter and hope that our readers will show their appreciation of this service by complying with the regulations that we have attempted to hurriedly prescribe and we in turn will try our best to give them service that will be satisfactory.

See complete details on the front page of this paper.

### Stop Press Flash

After our front page form had gone to press and was printing, copy for advertisements offering N. R. A. cover service came from Capitol Stamp and Cover Service and from W. F. Hoppe, both of Washington, D. C. These advertisements will be found in this issue, so that those who have been patronizing these dealers may order from them if they so desire.

Date of issue may be before the 15th, so RUSH is the word.

### Naval Cancellations

W. J. Kirby, Editor  
Dermott, Ark.

Have definitely learned that Kalamazoo, Wash., will have a cachet for the visit of "Old Ironsides" on Aug. 16-21. Send covers to the secretary of the Chamber of Commerce.

I am told that Longview, Wash., will use four separate cachets for the visit of the Constitution to that port. As stated before, send covers to the Chamber of Commerce.

Many varied cancellations were used July 4. The Maryland and the Pennsylvania used the words "INDEPENDENCE — DAY," and the Bidle used "USE — AIRMAIL" in location spaces. Others only used name of port, together with a multitude of colors. U.S.S. Medusa used a red-and-blue cachet, with "MARE ISLAND — CALIF." in bars.

U.S.S. Nokomis and U.S.S. Antares are scheduled for decommissioning at Philadelphia on Oct. 1, while the U.S.S. Sirius is scheduled for Oct. 20 at the same place.

There may yet be time for last day covers of the U.S.S. Teal, which is at San Diego; send at once. Your covers will be returned if out of commission.

Shall have to again to appeal to our readers to assist me with this column. Send me any data that you may have, and I'll give you credit. Data in advance will be highly appreciated.

Co-operators this issue: Chas. C. Olasky, S. A. Liebman, Navy Magazine and F. H. Ohls. Thanks.

W. J. Kirby.

## Kosciuszko Stamp

**A**NNOUNCEMENT of the issuance by the Post Office Department of a special five-cent stamp in commemoration of the 150th anniversary of the admission to American Citizenship of General Thaddeus Kosciuszko, Polish patriot of Revolutionary War fame, was announced today by Postmaster General Farley in a telegram to John Romaszewicz, president of the Polish National Alliance of America, at his Chicago headquarters.

It is planned to place these Kosciuszko stamps on sale at Chicago, Detroit and Boston on October 18 and at other post offices throughout the country the following day.

In his message to Romaszewicz on this day when the Polish people of America are observing Polish Day at A Century of Progress, the Postmaster General alluded to the issuance, several years ago, of a special stamp in honor of Pulaski, another Revolutionary hero, who fell in defense of the nation at the Battle of Savannah.

The complete text of Farley's telegram to the chief executive of the Polish National Alliance of America follows:

"On this date when the Polish people of America are observing Polish Day at A Century of Progress, I am most happy to convey my high regard for the American citizens of Polish extraction. Several years ago the Post Office Department honored the immortal Casimir Pulaski, who fell in defense of our country at the Battle of Savannah, by the issuance of a special postage stamp to commemorate his career. Today I am glad to inform you, and through you, the members of the Polish Alliance of America, that I have authorized the issuance of a special five-cent stamp to commemorate the one hundred and fiftieth anniversary of admission to American citizenship of General Thaddeus Kosciuszko. America has paid tribute to both these heroes

through the erection of statues in the National Parks of Washington.

"The name of Kosciuszko will be forever perpetuated in the hearts of American People. His work on the old West Point fortifications was the most important of his labors in the American cause and is rightly associated with the memory of this great Polish engineer. It is proposed to first offer for sale the Kosciuszko commemorative stamp on October eighteen at Chicago, Detroit and Boston and plans are being perfected to have them available for sale at other post offices on the nineteenth. Definite public announcement as to design will be issued at an early date.

"May I extend to you my greetings and express my personal satisfaction in being privileged to honor the revered Kosciuszko."

(Signed) James A. Farley,  
Postmaster General.

## An Old Friend Bobs Up

A letter just at hand contains a dollar for a five year subscription and then the writer, Mr. Robert H. Smeltzer of Philadelphia, gets personal. He collects coins, dime novels, antiques, Indian relics, etc. From his letter we quote—"Now to get a bit personal. Briefly you have been found out, as most of us are in time. Do you recall dear old Golden Hours? Fool question for me to ask. It was my favorite story paper and in reading over the swap ads, recently I note yours. Of course you were interested in stamps then, as now. I'll always cherish dear boyhood Golden Hours days. I too used their swap column a-plenty, but became interested in stamps only in recent years."

Welcome friend Smeltzer. Golden Hours was a great paper, its exchange column was free to its readers and many the bicycle, punching bag, boxing gloves, Ingersoll watches and such things did I get though its premium plan. I too remember some of its great stories and "Bones" was one of my favorites. Glad to see that after all these years you have found the best hobby of them all.

## It's Up To Roosevelt

Now that we have a stamp collector for president it is time for stamp collectors to make known their wants and wishes and from R. E. Dauber of Columbus we have a suggestion that Mr. Roosevelt be requested to take steps to see that in the future all new issues of United States Stamps have the catalogue number printed on the backs of them.

**ANDORRA**—Two additions to the pictorial set chronicled in this column July 30, 1932; designs unannounced:

1.25fr. lilac rose  
1.75fr. violet

(A. F. Turner)

**BRAZIL**—In line with the announcement made in our issue of July 22nd, we further learn that the air mail rates will be reduced and made uniform for the interior of Brazil, at rate of 1,000 reis per 5gr. and that any stamp may be used. For external letters however, the charge will remain 3,500r. plus 700r. and for this a new stamp of 4,200r. value will be created.

(A. F. Turner)

We presume that our readers saw the article on page 624 of the July 22nd issue, if not, your attention is thus called to it. We are also in receipt of a card from G. S. Veith, New Orleans, La., stating that stamps of the Paulista government may be purchased in Rio de Janeiro at below face. He also informs us that the Santos Filatelic Society pronounces them fakes.

**CANADA**—A recent discovery has been brought to our attention of a variety on Scott's #110, by Mr. A. Harold Kirkpatrick, of Philadelphia, Pa. We shall endeavor to describe this variety, so that our readers may recognize it, without the aid of a drawing. In the earlier printings, the horizontal lines in the upper part of the background merely stopped at the right, while on the later printings there shows a vertical line of color along the entire right side of this triangle. Whether this is a re-cut or a new plate we are unable to say, but a check of our own collection revealed that it appeared on the 3c in our set and not on our copy of the 20c. Also on the 1c and 2c it appeared both on the left and right. On the change of color set the variety occurred on the four lower values, as well as on some of our coil pairs and booklet panes.

**CANADA**—The total number printed of the Postal Union Congress commemorative is stated to have been 200,000. Sales were suspended at the end of June.

(A. F. Turner)

**DOMINICA**—New supplies the undermentioned, in modified colors are on order from the Crown Agents:

The design of the lower value represents an aviator affixing the Swastika emblem to his plane; the next, airplanes bombing the bridge over the Daugava during the Bolshevik invasion of 1919; and the highest value shows three plans in flight over a map of Europe.  
(A. F. Turner)

**LITHUANIA**—We learn that it was planned to issue 500 sets of 5 values of the last perforated triangular air mail stamps, with the inscription "BARIUS-GIRENAS. NEW YORK—1933—KAUNAS" in honor of the two aviators. The values to be so overprinted were the 20c., 40c., 60c., 1L. and 2L. As these two men were killed when their plane crashed before reaching their destination we have not learned if the stamps appeared or not.

## SENSATION MIXTURE

We were recently the lucky purchasers of all the odd boxes of stamps, stock books, approval books, sets, odd packets, old bank mixtures, etc., from London's oldest established stamp shop.

The proprietor having recently retired, much of it has lain untouched for years.

We came across a big parcel of good class and rare stamps that had probably been put aside for eventual sorting and cataloguing, thousands of good quality items that price 15c, 30c, 50c, and even \$5 and \$10 each.

We are not sorting or classifying at all. You may get 6 or 7 \$5 stamps in a \$3 lot. Apart from the rare stamps this mixture is remarkable for its unusual variety, and will give many hours of profitable pleasure to any dealer or collector to sort.

The whole lot has been mixed together and is guaranteed unpicked.

Weighed out into lots of about 6,000 stamps including early U. S. \$5 per lot.

5 lots for \$12.

You will definitely become a permanent customer after buying a "SENSATION" lot. Sent post free per return securely packed. Cash returned in full without question or quibble if you are not delighted.

## Precancels

Information regarding new issues and notes of interest on all Precancels, other than Bureau Prints, should be sent direct to the Editor of this column.

K. M. GIERHART, BALTIMORE, OHIO

Speaking of complete sets in the Bi-Centennial issue. You might say that there are two kinds. First those towns who have precancelled each denomination normal or perhaps a few inverts besides, but if you get one of each of the TWELVE denominations you may say you have a complete set. Then there is the town that perhaps only precancelled four or five stamps of the set and maybe one denomination only came inverted, taking one each of every position precancelled you then have a complete set as far as precancelling is concerned. In the latter case tho we will not be sure of such sets till several issues of the Bi-Centennial catalog have been published. Likewise it will take several issues to show up the good items too.

Alvin J. Johnson submits a fine lot consisting of 5c Olympics from St. Joseph, Mo., U-10, Benton Harbor, Mich. U-5, South Amboy U-121. Also 1c Chicago Expo. from Joliet, Ill. U-122. 8c Bi-Cent Yankton, S. Dak. U-51 and a 13c from Yankton in that good looking electro used there, this item was inverted, too.

C. L. Snidow, Jr., of Lynchburg, Va., donates ye editor fine copies each of the 3c Newburgh reading down, 3c Expo. down and the 1c up from Lynchburg in type U-14. Mr. Snidow has one of the largest Bi-Centennial collections in the country, numbering over 4000 varieties.

With this issue I complete two full years of writing this little column. 102 out of 104 issues is not a bad record. I have enjoyed reading your letters and have tried to the best of my ability to answer your questions. And I herewith wish to thank all of you who have submitted lists, lots to look over and donated stamps, they all were heartily appreciated. If ever the occasion arises for you to write to editor Linn add a few lines about what you think of my spontaneous output of precancel patter.

# Price Reduction!

Here is an excellent album that has not had the sale it deserves. Possibly the cause has been due to the price which was originally made at such a figure that we could allow dealers the same discount which we have allowed on our lower priced albums.

## EXPANSION A-L-B-U-M

**J**UST what its name implies. An album so built that it may be expanded to three or four times its original size or capacity. Sold originally with 100 pages, you may add another 100, 200 or 300 pages in the same binder with no additional cost for binders.

**THE BINDER** is of the finest quality workmanship built to last a lifetime, heavy board, a full quarter inch thick, covered with red Buckram and with black leather corners, round cornered and back strip and hinge of black leather. The backstrip is made of tubular aluminum and covered with black leather. A substantial heavy binder that will stand very hard usage. Cover stamped in gold.

Both front and back covers are separate pieces, the pages are held between the covers with brass screw posts which permits of expansion to any thickness.

**PAGES** are  $11\frac{1}{4} \times 11\frac{1}{2}$  inches, round cornered, printed on 28 pound ledger paper. Printed from new quadrille plates in grey ink, with a mounting area  $9\frac{1}{2} \times 7\frac{1}{2}$  inches. Pages are marked in quarters with guide marks for easy arrangement in mounting.

The album lays open readily at any point and a stub is included between each ten pages so as to allow for expansion caused by mounting stamps on the pages.

This is a new idea in albums, yet a practical one and the only style of album that will permit of unlimited expansion and addition of more pages without buying extra binders.

The entire album is built of highest quality material. It is solid, substantial and economical on account of the expansion feature which permits the use of 300 to 400 pages in one book without the additional cost of extra binders.

### PRICES

	Shipping Weight	
Album complete, with 100 pages.....	5 lbs.	\$4.50
Binder alone.....	3 lbs.	3.00
Extra pages, per 100, including three extra expansion posts.....	3 lbs.	1.40

(Carriage extra, see shipping weight above.)

We are now reducing the price and reducing the discount to dealers. Dealers who would care to stock this album may have new discount figures on request.

Read the description. It is an ideal album for the collector who wishes lots of room and plenty of expansion with little cost. No other album in the market offers the features which will be found in this album and the material used in the construction is of the highest quality, in fact far better than in most albums at anything near the price.

## BOARD OF DIRECTORS AMERICAN STAMP DEALERS ASSOCIATION, INC.

(Reading left to right: Bottom Row: Victor W. Rotnem, Secretary; J. J. Klemann, Jr., President; Marshall H. Hancock, Vice President; Top row: Sidney Barrett, George B. Sloane, Hugh M. Clark, Gordon N. Usticke.)

The American Stamp Dealers Association, "A. S. D. A.", has become so well established and so well known to our readers, that we suppose there is little need of a long recital of its purpose. It aims to be a trade organization of stamp merchants and as such its principal concern is in seeing to it that the business of selling and buying stamps is kept on a dignified orderly plane. Its membership is composed chiefly of full time stamp dealers. Membership is by invitation only.

The organization became a much more vital one during the assumption of the Presidency by Hugh M. Clark some years ago. For the past two years it has been equally well captained by the popular and efficient Mr. J. J. Klemann, Jr. The Secretary's address is 20 Exchange Pl., New York City.

### S. P. A. Cachet

Co-operation of the post office department with the S. P. A. convention at Fond du Lac, Wis., Aug. 17 to 19, will include supplying a special cancellation for the philatelic post office to be established at the Hotel Retlaw in that city for the three days, maintaining a branch of the Philatelic Agency at the hotel for the three days of the convention, and supplying a special exhibit of air mail proofs and other philatelic material.

First confirmation of tentative arrangements made with the convention committee by M. L. Eidsness, superintendent of the division of stamps, was received at Fond du Lac in a wire to Congressman M. K. Reilly from C. B. Eilenberger, third assistant postmaster general. Mr. Eidsness promised that the branch philatelic agency will

be supplied with such odd lots of stamps as have accumulated at Washington in recent weeks to give convention attendants a choice selection of obsolete issues before the lots are destroyed.

Cancellation collectors may send their covers ready for mailing, stuffed or unstuffed as they desire, to the postmaster at Fond du Lac in any quantity desired. Cachet collectors should direct their covers to Branch 11, S. P. A., c/o Hotel Retlaw, Fond du Lac, Wis., which will handle one set of three free for each applicant, charging a small fee (five cents) for each additional cover. To receive cachets all covers should be of standard size, 6½ inches long, and sent unstuffed, sealed if desired. All cacheted covers will be mailed at the philatelic office and receive the cancellation.

Cachets will be as follows: Aug. 17, Michigan day; Aug. 18, Minnesota day; Aug. 19, Wisconsin day. Each

cachet will bear the respective state seal and historical matter looking forward to the tercentenary in 1934 of the Northwest territory, from which the three states were "carved", wholly or in part.

### New York Precancel Club

Following the business meeting of the club on August 4th there will be an auction. The meeting of August 18th will be devoted to trading.

Miss Amy H. Lewis, publicity director left on the Volcania for a trip through the Mediterranean and will visit Florence, Rome and Paris.

Meetings are held on Friday evenings at the Collectors Club, 30 East 42nd Street and Precancel collectors are invited.

**WE WILL DO** President Roosevelt's call to the citizens of America has met with a hearty response from every direction and without question the stamp collectors as well as the stamp dealers and Philatelic Publishers will follow their leader, who himself is one of us.

What group of people could have more pride in the noble effort that this man is putting forth to bring us out of the slough in which we have been hopelessly wallowing for the past few years.

Linn's Weekly Stamp News and LINPRINT, have just cause to feel proud of their record in the past four years. Unlike other business concerns we carried through this period without wage reductions for our employees, but rather we added to the number of employees that we had four years ago.

What we have built up in these past four years has been built through

a period that was the most disastrous that the country has yet faced, but with faith in our ideas, faith in our beliefs, we proceed to cater to the stamp collectors of America along lines that we thought were the right lines to bring success and despite business failures in other lines we have built and developed a new business in a period that has left the trail strewn with the wreckage of many other lines of business.

It has been hard work. We are weary of it and shall as heartily welcome a change as anyone. Our greatest regret has been that we have not been able to do more than we have for the thousands of collectors who have contributed to the success of our undertaking and who have helped us make this paper, the most widely circulated stamp collectors magazine in the world.

**NEW FEATURES** Many new and attractive features have been planned from time to time and we have only waited better times to be able to put them into effect. We believe now that that time is near. With our change in subscription price effective September 1st we will be able to spend some money on these new features. We contemplate some outstanding illustrated articles on United States Stamps that we feel certain will be hailed with delight by all our readers.

While these articles will deal with United States stamps from a specializing standpoint, they will be so simple, so attractive and so interesting and at the same time within the scope of the pocket book of all collectors, that we believe there will become a new group of collectors who will follow the many interesting things which we will point out.

Experience has shown us that the average collector loves to specialize, yet he does not know how to do it, where to begin, what to collect. In the past, specialists articles have dealt with shifts, cracks, double transfers and such things that few collectors understand and do not have the patience to hunt for. Our new line of articles will show you a field that needs no magnifying glass and the stamps come in pound mixtures.

**A LITTLE VACATION** This is written on the evening before the departure of the Editor and Mrs. Linn for the Exhibition at Sandusky and Cedar Point. This copy will be turned over to the printer Thursday morning and then away we go for Sandusky. Mother Linn, who is 76 years old and a great traveler, will accompany us as far as Sandusky then go to Cleveland and Buffalo to visit friends and relatives.

Mr. and Mrs. Norbert Gainey will also accompany us on the visit to the Philatelic Exposition. Mr. Gainey is the artist who does such beautiful work on the Historical and first day covers that we produce.

Monday morning will find us home again on the job when we will have to jump in and help get this paper printed and into the mails. We hope that we can carry on through August without having our friends and readers begrudge us the rest and recreation that we hope to garner this month so that beginning in September we can get back in our regular schedule and go ahead with some of the plans that we have made for the future.

## Unique First Day Cover

A cover bearing a corner card of a Judge of the Superior Court of Los Angeles, has written below it, "First Day Cover—Married today 7/20/33" following which is the name of Captain L. H. Breker and Evelyn Warren, then as witnesses the name of Judge Carl A. Stutsman and S. Merrill.

Its quite a novelty and we appreciate the thoughtfulness of this pair of newlyweds, on a day when most people would be too busy thinking of anyone except themselves.

Naturally our best wishes go to them and we are sure that the many readers of this paper who have read some of the interesting contributions of Captain Breker will hope that the good wife does not keep him so busy that he will forget us in the future.

## Wooden Nickles

We have often been cautioned about taking wooden nickles, but now comes Longview, Washington, with wooden quarters. Doubtless a lot of our readers will be glad to contribute 25c to Charity by buying one of the Longview wooden quarters and for that reason we print this information.

The Longview Chamber of Commerce, Longview, Wash., is sponsoring a souvenir 25c piece made of western hardwood. These wooden two bit pieces will be in circulation from August 1st to October 17. The coin will commemorate the visit of Old Ironsides to Longview in August. Arrangements have been made to circulate the coins through a local bank. Old Ironsides will be pictured on one side and a Douglas Fir Tree on the other. Copies of these coins may be had for 25c plus 3c postage. Send orders to Chamber of Commerce and please mention Linn's Weekly Stamp News so they will know who we are.

## Those Ungummed Imperfs

The news that the Century of Progress 1c and 3c stamps in sheets of 25 are to be ungummed rather shocked me. Now it does mean WORK and plenty of it. There is to be a man size inscription around them that apparently will go around all 4 sides, so every block will carry part of it, as well as the singles left after cutting blocks.

Full sheets I will mail flat. Cannot accept covers, but will use the regular size Linn covers, which gave such satisfaction before, for all orders received to be prepared by me. Here are the prices:

## New Stamp For Denmark

From Mr. C. Vesterholt of Aalborg,  
Denmark, comes a letter with samples  
of the new Danish Postage Stamps  
issued July 1st. Mr. Vesterholt states  
that the Danish Government is now  
printing its own postage stamps in  
its own printing office instead of let-  
ting the work on private contract.

The former issues of Danish stamps  
have been typographed, the new  
stamps are from engraved plates and  
are much more beautiful in appear-  
ance.

At the present time, only the values  
from 1 to 10 ore have been produced  
by the government office, Scott type  
A10. Other types and values are ex-  
pected in the near future.

The new stamps are of the same  
general appearance yet differ in such  
a manner that they can readily be  
distinguished from the old issue. The  
1 ore value has been changed from  
orange to slate and the 10 ore from  
brown to yellow orange.

The designs altho similar are read-  
ily distinguished from the former print-  
ings.

The stamps are unwatermarked.  
The small hearts below the lions  
in the upper corners are omitted.

Double lined ovals around the fig-  
ures of value.

The new stamps instead of being  
of a solid color appear as a fine  
meshed screen surface over the en-  
tire colored portions of the stamp.

Mr. Vesterholt also states that three  
different artists have been requested  
to submit new designs for air mail  
stamps.

# STAMP--MATS

There has long been a Market and a Demand for  
STAMP-MATS

Many collectors have used them for years, obtaining their supply at high prices because  
of the amount of time and trouble involved in producing them in small quantity to satisfy  
the collectors need. Collectors who have never used them will now be able to secure them  
in any quantity wanted at a price within their reach.

STAMP-MATS are small bits of high quality colored paper cut in sizes approximately  
an eighth of an inch larger than postage stamps on which to mount the stamp before placing  
in your album. STAMP-MATS are made in a dozen sizes to fit most stamps. Where pro-  
portions are not just right they may be trimmed on one edge to give the proper proportion.

This Adds  
Beauty to the  
Stamp and  
to Appearance  
of the Page

STAMP-MATS are made for single stamps and for blocks of four.

STAMP-MATS are made in black, gray and olive, put up 100 in an attractive display  
envelope as illustrated below, and are so cheap that all can afford to use them.

**ONLY 10 CENTS PER 100, BY MAIL, 12c**

**For Blocks of Four, 20 cents per 100, by Mail 22c**

Try mounting a page or some of your choice single stamps and note the added beauty  
and attractiveness of the page or stamps. Many prize winning collections are mounted on  
STAMP-MATS. How often have you seen them used in exhibitions. Make your collection  
more attractive, possibly a prize winner on account of its attractiveness.

**STAMP-MATS are made in the following sizes**

The Scott advance sheets are eagerly awaited by dealers here to see what inflation has done to the stamp trade.

If the Chicago sheets of 25 come out without gum as reported, here is the chance for the expert regummers we heard so much about some years ago.

Theodore Champion's 4 story building in Paris is the house that stamps built.

We are seriously considering starting a wrecking business specializing in throwing down bricked walls for the stamps that might be walled up.

By this time the inverted airplane on the U. S. 24c carmine and blue stamp of the 1918 airmail issue should have flown around the world, breaking all records in that position. Flying around this sphere seems to be getting a common occurrence.

Your tooth is out, the dentist said. Please take it out in trade. We gave him Afghanistan and a dozen Hindustan and he marked the bill all paid.

We hear that when Carnera stamps the building shakes. Size twenty shoe.

U. S. No. 556, 4c Yellow Brown with portrait of Martha Washington has been selling comparatively high in complete sheets mint.

At first blush No. 595, 2c carmine, perforated 11 all around seems to be an easy stamp to get. The flat plate No. 554 is but the rotary is something like the "dodo".
